GODFREY - Village of Godfrey Mayor Mike McCormick today announced that a new Dollar Tree is coming to Godfrey.

McCormick said the new Dollar Tree would be located on Godfrey Road, just a little south of Walmart and on the east side of Godfrey Road.

“We hope this will spur development in that area,” Mayor McCormick said. “At a village moving, we approved running sewer lines to it and will help some with the facade program for the property. I look for this project to move forward in the very near future.”

McCormick said he is in hopes the new Dollar Tree will open in a year to year and a half and help kick-start additional growth in the Village of Godfrey.
