COLLINSVILLE - Customers at Schnucks Collinsville soon will be treated to a "like-new" supermarket as work on the store's remodel concludes with upgrades throughout the 38-year-old facility. To celebrate, the store held a "Grand Reopening" and ribbon cutting on Wednesday, July 19 at 9 a.m.

Store Manager Gary Rocca says that upon entry customers will notice a new decor package that gives the location a fresh, new look. He added customers will also see enhancements as they make their way through the store. "We have added new coolers, fixtures and tables throughout the store," Rocca said. "We want to thank our customers for their patience as we worked to bring them a much upgraded location where they could have the best grocery shopping experience."
