SPRINGFIELD – The Illinois Department of Transportation is asking the public for their feedback on the state's transportation system and the agency's performance through the annual Traveler Opinion Survey. Available now through Tuesday, Aug. 11, the survey is available online by clicking <https://go.uis.edu/Traveler2026> or visiting idot.illinois.gov.

Conducted in partnership with the University of Illinois Springfield, the survey is an opportunity for people who live in Illinois to provide their opinion on a wide range of

topics, giving IDOT the information it needs to continue to be a national leader in transportation services. This year's survey asks for input on road conditions, ice and snow removal, planning priorities, electronic vehicles and more.

The Traveler Opinion Survey has been a staple since 2001. A copy of previous surveys and results can be viewed [here](#).
